## **About the Committee**

The CEDS Committee contributes to effective economic development in the Old Colony region through a locally-based, regionally-driven economic development planning process. It serves to engage community leaders, leverage the involvement of the private sector, and establish a strategic blueprint for regional collaboration. The CEDS provides the capacity-building foundation by which the public sector, working in conjunction with other economic actors (individuals, firms, industries), creates the environment for regional economic prosperity.

Committee Co-chairs: Maryellen Brett, Massasoit Community College
